GOVERNOR MIKE HUCKABEE AND HUCKPAC ENDORSE BETH ANNE RANKIN FOR CONGRESS IN ARKANSAS

Huckabee Releases Statement about Rankin's Congressional Bid in the 4th District

Little Rock, AR – Governor Mike Huckabee issued the following statement about Beth Anne Rankin:

Huck PAC and I are proud to endorse Beth Anne Rankin in her campaign for Congress in the Fourth Congressional District of Arkansas. As a former member of my staff, Beth Anne, served as one of my liaisons to the White House, Congress, and federal agencies. She is familiar with Washington and understands the necessity of having strong conservative leaders in Congress.

Beth Anne is a strong conservative with practical real world experience. During her time in my office, she also coordinated the Governor's Summit on Economic Development, bringing together the state's top business leaders. As an entrepreneur and small business owner, she has felt the direct impact of this Administration's job-killing agenda. She shares our Christian values and will defend them as a member of Congress. She is a life long Arkansan who will take our common values to Washington and stand up for what is best for the Fourth District of Arkansas.

Please join me in supporting Beth Anne Rankin in the Republican primary on May 22. With her mixture of public service, entrepreneurship, and owning a small business she is exactly what we need in Congress to get America moving forward again.
